GLOBAL PRESENCE

Japan | South Korea | Australia | Vietnam | Singapore | Malaysia | Indonesia | Thailand | China | Germany | France | Slovakia | United Kingdom | UAE | Americas

KEY SUCCESS FACTORS

Advanced Expertise

- Backed by a strong network of industry-leading partner organizations
- Scalable talent pool with thousands of experienced developers supported by the FPT ecosystem

Top Low-Code Resources

- Low-code Center of Excellence (COE) dedicated to developing and consolidating technical capabilities and business acumen
- 5,000 low-code experts from Japan, the US, Germany, South Korea, Malaysia, and Vietnam

Cost-Effective Delivery Models

- Competitive cost options with our Bestshore Model including nearshore, onshore and offshore resources
- Optimized project delivery that avoids requiring additional investment
- Digital technology integration (i.e. RPA, AI and hyperautomation) for further reduced costs
- Streamlined operating costs for post-production phases

About

FPT Corporation (FPT) is a globally leading technology and IT services provider headquartered in Vietnam and operates in three core sectors: Technology, Telecommunications, and Education.

Over more than three decades, FPT has consistently delivered impactful solutions to millions of individuals and tens of thousands of organizations worldwide. Committed to elevating Vietnam's position on the global tech map and delivering world-class solutions for global enterprises, the Corporation focuses on five strategic areas: Artificial Intelligence, Automotive, Semiconductor, Digital Transformation, and Green Transformation. In 2024, FPT reported a total revenue of USD 2.47 billion and a workforce of over 54,000 employees across its core businesses.
